MICHAEL EDEN

PERSONAL PROFILE

I enjoy tinkering with things. I stay up to date on the latest tech, and if I can get my hands on it, I will. I love to build simple, effective, and accessible things for people.

WORK EXPERIENCE

Web Developer

Side Projects | 2020 - Present

- Built a web application for sharing text messages built with EJS, Node, Express, and MongoDB
- Developed a minimal React note taking app that utilizes Local Storage
- Programmed a cat name generator with vanilla HTML, CSS, & JS

Service Coordinator

Patterson Pope | July 2016 - Present

- Work with customers and managers & technicians to schedule service for our 12 state footprint
- Fulfill replacement parts for customer's and P2's stock
- Deliver weekly reports of open service calls

Installer

Patterson Pope | 2013 - 2016

- Performed site surveys to determine installation feasibility
- Installed storage equipment for all sorts of clients, ranging from small businesses, to hospitals and to the military, for all of their storage needs

Photo Editor

The Signal | 2013

- Lead a team of photographers by assigning them newsworthy stories
- Edited photographs to print standards all while working closely with the production team and staff writers
